SECTION B

51. **Read the passage below carefully and then answer the questions that follow in full sentences.**

My name is Mary Mwendo. I live in Sukuru village near Tororo town. Our home is very large with a spacious compound. My sisters, brothers and I enjoy playing skipping, hopscotch and sometimes football within our compound. The home is wall fenced, so we always request our father to allow children from the neighbourhood to enter and play with us, they are good friends and love playing.

Our home has various members. For example mother, father, grandparents, aunts, nieces, nephews and cousins. We have a very large piece of land. This has enabled our father to establish a livestock farm. There are five hundred head of cattle on it. We grow maize, cassava, potatoes and millet for home consumption on the other part of the land.

The neighbours are good people because they live peacefully with everybody in the community. They also don't steal our crops and animals. We are blessed with major features like River Malawa, Tororo cement industry and St. Kizito Primary School where I go to study. St. Anthony the mighty hospital is located along Tororo- Mbale Road. We go there for treatment whenever we fall sick. I am very proud of my home and the neighbourhood.

53. **Read the poem below carefully and answer the questions that follow in full sentences.**

Oh! White ants! Oh! White ants!
Your permanent home is the anthill,
Your guards are the termites,
Red and brown they are.
You trust their work,
Because they help you to build your house.

The queen in her nest lays the eggs,
Young and old in colonies you live,
When dawn breaks,
You move in the air using wings
As humans and birds wait,
To catch and sentence you to death.

You breathe in and out through spiracles
On your stomach they are found,
The only meat without bones,
Entomologists say you are a source of proteins
So important to our health you are.
