A VISIT TO THE LAKE

There is a big lake a few kilometers away from our school. One evening, our headmistress, Mrs. Katiiko Ritah informed the Literacy Two Teacher, Ms. Jennifer to organize a trip.When the information reached the pupils, we were all filled with great joy because for all the time we had stayed at school, we had never got any chance of touring places outside the school environment. We all kept on a wait until the scheduled date.

You can't imagine the excitement pupils had when they were told to board the nice looking bus, "Baby Coach" which the school had just

acquired. Just after a few minutes, we found ourselves at the lake shores. Everybody was eager to atleast view the different means of transport used on water. We were able to see the ships, boats, canoes, ferries e.t.c We saw that a ship is the biggest of those used and surprisingly it can even carry huge buses!

Some pupils were given chance to sail on boats and we really enjoyed moving on water for leisure. In the evening, we returned to school with a lot to tell our friends.

Stop violence! Stop violence!
Children are gifts from God.
We all need them to make us happy.
Show them the right way to take through guidance
Inform them of their roles with love rather than violence.
Appreciate the little they do
And correct their weaknesses
For Rome was not built in one day.

Stop violence! Stop violence!
Children should behave well in order to live peacefully
Respect elders to avoid causing anger
Perform your roles wherever you go
People will love to stay with you
Report bad people who may want to harm you
To peace keepers so as to void violence.
