SECTION A: 40 MARKS

Questions 1 to 40 carry one mark each

1. Name any one group of organisms that help in the soil formation process.

.....
.....

2. Which state of matter have a definite volume but no definite shape?

.....
.....

3. Give one use of a safety pin found in the first aid box.

.....
.....

4. Briefly explain what happens to the mass of wood when wood is burnt to ash.

.....
.....

5. How is the circulatory system important to the excretory system?

.....
.....

6. Why should a VIP latrine should be built 10 meters away from a living house.

.....
.....

7. How is reproduction in conifers different from that in algae?

.....
.....

51. Match plants in list p with their mode of propagation in B correctly.

A	B
Cassava	using suckers
Carrots	using stem cuttings
Banana	using stem tubers
Irish potato	using seeds
a) Cassava.....
b) Carrot.....
c) Banana.....
d) Irish potato.....

52. a) Name any two health aspects to consider when carrying out a health survey.

- i)
- ii)

b) In which two ways does a community benefit from carrying out a healthy survey?

- i)
- ii)

53. a) Why is the trachea able to remain open all the time?

.....
.....

b) Name two lung diseases caused by smoking.

- i)
- ii)

c) How can the respiratory system be kept in good working condition?

.....

Use the diagram below to answer question 8

8. Give one reason why treads put on the tyre.

.....
.....

9. Name any one egg laying mammal.

.....
.....

10. State any one way of controlling dental carries.

.....
.....

11. How can a crop farmer prevent land wastage after planting seeds and some fail to germinate?

.....
.....

12. State any one cause of swarming in bees.

.....
.....

13. Why is it necessary to use insulators like papers when lifting hot objects?

.....
.....

14. Give any one sign of sickness in farm animals.

.....

.....

15. State one common way in which houseflies spread disease germs to humans

.....

.....

The diagram below shows a human arm. Use it to answer question 16.

16. Give any one function of part marked with letter T.

.....

.....

17. Name any one water impurity.

.....

.....

18. How would you separate a mixture of water and ethanol?

.....

.....

19. Which vaccine is given to children at the age of 9 months?

.....

.....

20. Why do electric wires appear tight between poles on a cold day?

.....

.....

21. State one danger of leaving left over food uncovered.

.....

.....

The diagram below shows a blood component. Use it to answer question 22.

22. Name one common sexually transmitted disease that affects the above blood component.

.....

.....

23. Give any one way of controlling tape worm infestation in humans.

.....

.....

24. Give any one example of a thermometric liquid.

.....

.....

25. In which type of smoking does a person inhale smoke directly from burning tobacco?

.....
.....

26. Why is sorting clothes an important step before washing?

.....
.....

The diagram below shows a concave lens. Use it to answer question

27. State the effect of the above lens on a parallel beam of light.

.....
.....

28. Why are some flowers highly scented at night?

.....
.....

29. Why is the delivery tube made coiled in cold water during distillation of alcohol?

.....
.....

30. How are valves found in the heart important during blood circulation?

.....
.....

31. Why is it necessary to keep garden tools in a cool dry place?

.....
.....

32. What type of immunity does a child get through recovering from illness?

.....
.....

The diagram below shows a beak of a bird. Use it to answer question 33 and 34.

33. Name one bird with such a beak.

.....
.....

34. What does a bird with such a beak feed on?

.....
.....

35. State the main cause of goiter in humans.

.....
.....

36. Give any one reason why young girls should avoid teenage pregnancy.

.....
.....

37. Where does a cassava plant obtain its food when its leaves fall off?

.....
.....
.....

39. Name any one system of keeping poultry that keeps very few birds on the farm.

.....
.....

40. Ali connected three dry cells to a bulb as shown below.

Give one reason why the bulb did not produce light as shown in the diagram above.

.....
.....

SECTION B: 60 MMARKS

Questions 41 to 55 carry four marks each

41. a) Give two electronic methods of storing sound.

i)

ii)

b) State one way of increasing the pitch of a guitar.

.....
.....

c) Why can't sound travel through a vacuum?

.....

42. a) Give two energy resources from animals.

i)

ii)

b) Name one fuel that is obtained from animals' waste.

.....

c) Why are animals regarded as renewable resources?

.....
.....

43. a) Why do some people keep work type of cattle?

.....

b) State two ways of improving on local breeds of cattle.

i)

ii)

c) What is the importance of tail bobbling in cattle management?

.....
.....

44. Study the diagram below and use it to answer questions that follow.

a) Find the size of angle r .

.....

b) Give a reason for your answer in (a) above.

.....

c) Put an arrow head on line OT to complete the above diagram.

.....

d) How is reflection of light important in our daily life?

.....

45. a) Give any two agents of seed dispersal.

i)

ii)

b) State two ways plants benefit from seed dispersal.

i)

ii)

46. a) To which group of invertebrates does a millipede belong?

.....

b) What type of skeleton does a millipede have?

.....

c) Give one characteristic common to all invertebrates.

.....

e) Why do some invertebrates moult?

.....

47. In an experiment, dry iron nails were dipped in boiled water and covered with an oil layer as shown in A. the same nails were dipped in tap water as shown in B. use the diagram below to answer the question that follow.

a) Why did the nails in B rust after some time?

.....

.....

b) State the importance of each of the following in the experiment.

i) oil layer.....

ii) boiled water.....

c) What type of change took place in container marked B above?

.....

.....

48. a) Name two bad health habits that may affect the stomach.

i)

ii)

iii)

b) How does food move through the gullet to reach the stomach?

.....
.....

d) What is the function of enzymes during food digestion?

.....
.....

49. A machine is used to raise a load of 60N through a distance of 10 metres. Using an effort of 20N. If the effort moves through a distance of 40 metres. Calculate the efficiency of the machine.

b) Name one force that affects the efficiency of a machine.

.....

50. a) What type of blood is carried by the renal artery of the kidney?

.....

b) Where does filtration of blood take place in the kidney?

.....

c) Why do we urinate a lot on cold days than on hot days?

.....
.....

51. Match plants in list p with their mode of propagation in B correctly.

A	B
Cassava	using suckers
Carrots	using stem cuttings
Banana	using stem tubers
Irish potato	using seeds
a) Cassava.....
b) Carrot.....
c) Banana.....
d) Irish potato.....

52. a) Name any two health aspects to consider when carrying out a health survey.

- i)
- ii)

b) In which two ways does a community benefit from carrying out a healthy survey?

- i)
- ii)

53. a) Why is the trachea able to remain open all the time?

.....
.....

b) Name two lung diseases caused by smoking.

- i)
- ii)

c) How can the respiratory system be kept in good working condition?

.....

54. Study the diagram below and use it to answer questions that follow.

a) What is the above method of finding volume used?

.....

b) Find the volume of the orange in the diagram above.

.....

c) Give one characteristic of sinking objects.

.....

55. a) State any two causes of soil erosion.

i)

ii)

b) How can soil erosion be controlled in our home compound?

.....
.....

.....

15. Name the person who extended the colonial rule to Western Uganda.

.....

16. Mention any one cause of street children in Uganda today.

.....
.....

17. Why is road transport the most used type of transport?

.....
.....

18. State any one way of choosing leader in our district.

.....
.....

19. How does the heading of a map help a map reader?

.....
.....

20. Name any one tool used in schools to change from one activity to another.

.....

21. What does the road sign shown below mean?

22. State any one way democracy is practiced in schools.

.....
.....

23. Give one reason why smuggling of goods should not be allowed in Uganda.

.....
.....

24. Mention any one social service centre in our community.

.....
.....

25. Why is tourism called an industry?

.....
.....

26. Give one social reason for the construction of the Kenya-Uganda railway line in 1896.

.....
.....

27. Name the falls along River Niger where Mungo Park drowned.

.....
.....

28. Where in South Africa is maize mainly grown?
.....
29. Mention any one source of government revenue.
.....
30. State any one way the legislature helps the Judiciary to do its work.
.....
.....
31. Which plantation forest is located in West Nile?
.....
.....
32. Why is land considered as the major resource?
.....
.....
33. What time will it be in a country at 45°E if it is 2:00p.m at the Greenwich Mean Time?
.....
.....
34. How do government workers benefit from the taxes people pay?
.....
.....
35. Mention any one Island country found in the Indian Ocean in Africa.
.....
.....

For each of the question **36 to 40**, answer **EITHER** the Christian Or Islamic question but not both. No marks will be awarded to candidate who attempts both alternatives in a particular number.

36. Either:

Name any one symbol of a Christian family.

.....

Or:

Name any one symbol of Muslim family.

.....

37. Either:

Name the person who led the Israelites across River Jordan.

.....

.....

Or:

Name the person who led the Ban-Israel out of Msiri.

.....

.....

38. Either:

How did Abraham show his faith to God?

.....

.....

Or:

How did Prophet Ibrahim show his faith to Allah?

.....

.....

39. Either:

In which one way can you as a Christian treat those who mistreat you?

.....
.....

Or.

In which one way can you as a Muslim treat those who mistreat you?

.....
.....

40. Either:

How is Joseph related to Jesus?

.....
.....

Or:

How is Abdallah related to Prophet Mohammed?

.....
.....

SECTION B: 60 MARKS

Questions 41 to 55 carry four marks each

41. a) What title is given to highest civil servant in a district?

.....
.....
.....
.....

b) State any one role played by the Resident District Commissioner in a district.

c) Give two ways in which leaders can improve the welfare of the people in their community.

i)

.....
ii)

42. a) Name the two European Missionaries who contributed to the economic development of Uganda.

i)

ii)

b) Mention the two ways in which the two European Missionaries mentioned above promoted economic development in Uganda.

i)

.....
ii)

43. a) Name one element of wind that are measured at a weather station.

.....
b) Why are North-East and South-East Monsoon winds called trade winds?

.....

c) Give a reason why the Harmattan winds do not bring rainfall to the Sahara Desert.

.....

44. Study the sketch of Uganda below and answer the questions that follow.

a) Name the main cash crop grown in area marked P.

.....

b) Mention the inland port on Lake marked Y.

.....

c) How was Mountain marked F formed?

.....

.....

d) Use letter K to locate the swapiest lake in Uganda.

.....

45. a) In which country did the MAU-MAU rebellion take place?

.....

b) State any one cause of the MAU-MAU rebellion.

.....

.....

c) Name any one leader of the MAU-MAU

d.) Mention any one negative effect of the MAU-MAU rebellion on the Africans.

.....

46. a) Name the first railway line to be constructed in East African in 1893.

.....

b) In which country was the named railway above built?

.....

c) Mention the foreign country that built the above named railway.

.....

d) Give one reason why the above named railway was built.

.....

47. a. Write the following in full.

i) NEMA.....

ii) EACT.....

iii) EACOP.....

b. State the role played by NEMA in Uganda.

.....

48. a) Draw the diagrams of the following in the space provided below.

i) The map of a cup	ii) The picture of a bottle

b) Using the drawing above give the meaning of the following.

- i) A map:
- ii) A picture:

49. Use the diagram below to answer questions that follow.

a. Give one factor that leads to vegetation changes in the diagram above.

.....
.....

b. Why does the area E have less vegetation than area B in the diagram above?

.....
.....

c. Why is area marked C not good for human settlement?

.....
.....

d. Name the main economic activity carried out in area T.

.....
.....

50. Match the items in List A with those in list B correctly.

A: Persons	B: work
i) Dentist	-Delivers pregnant women
ii) Optician	-Treat the teeth
iii) Surgeon	-Provides eye glasses
iv) Midwife	-Operates the sick people.

- i) Dentist.....
- ii) Optician.....
- iii) Surgeon.....
- iv) Midwife.....

For each of the question 51 to 55, answer Either Christian or Islamic questions but not both. No mark will be awarded to a candidate who attempts both alternative in a particular number.

51. Either:

- a) Name any one church founded organization that promotes Youth activities in Uganda.

- b) State any two challenges faced by the organization you have mentioned in (a) above .

i)

.....

ii)

.....

- c) Mention any one example you can copy from the activities of the organization named in (a) above.

.....

Or:

- a) Name any Islamic founded organization that promotes youth activities in Uganda.
-
.....

- b) State any two challenges faced by the organization you have mentioned in (a) above.

i)
ii)

- c) Mention any one example you can copy from the activities of the Organization named in (a) above.
-

52. Either:

- a) Mention any two types of prayers in Christianity.

i)
ii)

- b) Apart from praying, state any one other way Christians Communicate to God.
-
.....

- c) State any one way prayer is important in Christianity.
-
.....

Or

- a) Mention any two types of prayers in Islam.

i).....
ii)

- c) Apart from praying, state any other way Muslims communicate to Allah.
-
.....

- c) State any one way prayer is important in Islam.
-
.....

53. **Either:**

- a) Which sacrament makes one a child of God?
-

- b) What do the following represent during Holy Communion?

Bread.....

Wine.....

- c) Why do Christians get the sacrament of Holy Communion?
-
.....

Or:

- a) Which pillar of Islam brings the rich and poor together?
-
.....

- b) Give two types of the pillar you named in (a) above.

i)

ii)

- c) What is the importance of the pillar you have mentioned in

(a) above?

.....
.....

54. Either:

a) On which day do Christians start fasting in Christianity?

.....
.....

b) Mention any two reasons why fasting is a good practice in Christianity.

i)
ii)

d) Give any one thing a Christian can do during fasting to get blessings from God.

.....
.....

Or.

a) What marks the beginning of fasting in Islam?

.....

b) Mention any two reasons why fasting is good Practice in Islam.

i)
ii)

c) Mention any one thing a Muslim can do during fasting to receive rewards from Allah.

.....
.....

55. Either:

Match correctly the days of the Christian calendar in list A to their events in list B.

List A	List B
a) Ash Wednesday	Death of Jesus
b) Palm Sunday	Resurrection of Jesus
c) Good Friday	Beginning of Lent
d) Easter Sunday	End of Lent
Ash Wednesday.....	
Palm Sunday	
Good Friday	
Easter Sunday	

Or:

Match the information in List A to that in List B correctly.

List A	List B
a) 1 st Muharram	Celebration of Iddel-Fltri
b) 12 th Rabbil – Awwal	Celebration of Iddi-Adhuha
c) 1 st Shawwal	Birth of Prophet Muhammed
d) 10 th Dhul-hillah	Beginning of new year.

1 st Muharram
12 th Rabbil – Awwal
1 st Shawwal
10 th Dhul-hillah

SECTION A: 40 MARKS

Answer **all** the questions in this section
Questions **1** to **20** carry two marks each

1. Work out: $17 + 121$.

2. Write "Seventy eight thousand, seventy eight" in figure.

3. Find the common Factor of 15 and 27.

4. Given that $B = \{q, r, s\}$, how many proper subsets can be formed from set B.

5. Find the next two numbers in the sequence 8, 4, 2, 1, ___, ___

6. Round off 3.06 to the nearest tenths.

7. Find the size of the angle marked P in the figure below.

8. In a class, there are 20 boys and 10 more girls than boys. What is the ratio of boys to girls?

9. Simplify ${}^{\sim}9 - 8$.

10. Emmanuel bought a cock at sh.40,000 and later sold it Sh. 45,000. Find the percentage profit.

11. Work out $104_{\text{five}} - 22_{\text{five}}$.

12. In a box there are 5 black pens, 3 red pens and 4 blue pens. What is the probability of picking at random a red pen from the box?

13. Study the graph below.

i) Write the co-ordinates of point K (01 mark)

ii) Plot the point M(0, +2) on the grid (01 mark)

14. Convert 0.2727.... to a Common fraction.

13. Study the graph below.

- i) Write the co-ordinates of point K (01 mark)
- ii) Plot the point M(0, +2) on the grid (01 mark)

14. Convert 0.2727.... to a Common fraction.

15. The average mass of 3 boys is 24kgs, if the mass of the two boys is 50kg. Find the mass of the third boy.

16. Given $a = bc$, $b = 2$ and $c = 3$, find the value of $c(a - b)$

17. Draw a perpendicular bisector on the line segment PQ

18. Use the distributive property to work out; $(126 \div 3) + (27 \div 3)$.
19. Mark is twice as old as Isaac, if their total age is 18 years, how old is Isaac?
20. Five girls take 6 days to clear a Shamba. How many more days will 3 girls take to do the same piece of work, working at the same rate?

SECTION: B (60 MARKS)

Answer all questions in this section.

Marks for each part of the question are indicated in the brackets

21. a) Simplify: $\frac{3}{4} - \frac{1}{5} + \frac{1}{2}$ (02 marks)

b) Work out: $\frac{0.03 \times 2.4}{0.018}$ (02 marks)

22. The Venn diagram below shows the guests who attended a party and the type of soda they took.

- a) If 30 guests took only one type of soda, work out the value of K.
(03 marks)

- b) How many guests altogether attended the party? (02 marks)

23.a) work out: (02 marks)

$$\begin{array}{r} 1011_{\text{two}} \\ + 111_{\text{two}} \\ \hline \end{array}$$

b) Given $24_p = 102_{\text{four}}$, find the base P. (03 marks)

24. A car uses 6 litres of diesel to cover a distance of 120km.

a) How many litres will be required to cover a distance of 40km?

(03 marks)

b) If the cost of 1 litre of diesel is sh. 5,200, how much money will be needed to fuel the car to cover a distance of 40km?

(02 marks)

25. The figure below is an Isosceles triangle. Use it to answer the questions that follow.

a) Find the value of y . (04 marks)

b) Calculate the area of the triangle PQR. (02 marks)

26.a) Subtract $2 - 3 = \underline{\hspace{2cm}}$ (finite 5). (02 marks)

b) Use a number line below to work out $-2 - +5$. (03 marks)

27.a) Using a ruler, pencil and pair of compasses only. Construct a triangle PQR where $PQ=7\text{cm}$, angle $QPR=90^\circ$ and $RQP = 45^\circ$.

(04 marks)

b) Measure the length QR. (01 mark)

28.a) Solve $3(2p - 1) - 4(p + 3) = 1$. (02 marks)

b) Solve the inequality: $6 + 3t < 15$ (02 marks)

29. Musa distributed some money to his children Liz, Lora and Lilly in the ratio 7:2:3 respectively.

a) If Lilly received sh. 9000, how much money did Musa distribute to his children? (03 marks)

b) How much money did Liz get? (02 marks)

30. Study the shopping table below and complete it. (03 marks)

Item	Quantity	Unit cost	Amount
Rice	2kg	Sh. 3800	_____
Meat	_____	Sh. 12,000	Sh. 18,000
Ingredients	500gms	_____	Sh. 5000
Cooking oil	1/2 litre	Sh. 9000	Sh. 4500

b) How much did the customer pay for all the items, if he was given a discount of sh. 1100? (02 marks)

31. A motorist drives for $3\frac{1}{2}$ hours at a speed of 60km/hr and a further 100km is covered in $1\frac{1}{2}$ hour. Calculate the motorists average speed for the whole journey. (05 marks)

32. The pie chart below shows the number of books in the school library. Use it to answer the questions that follow.

 - j) When she felt sad?

52. Read the passage below with care and answer in full sentence the questions that follow in full sentence.

It was a Wednesday night when a four-year-old girl, Little Sandra went missing. There was such a great panic and alarm in the house that her elder sister, Martha started crying non-stop. The housekeeper rushed wildly while shouting out into the garden, hunting behind every bush. Little Sandra's mother sank in her chair weeping, quite sure that her little one had fallen into the well and drowned. When Little Sandra's dad pointed out that the well was very dry, the mother was then sure that she would be lying under the bottom of a broken tank.

As for Martha, she thought that her sister had been kidnapped and that the kidnappers would ask for a large sum of money (ransom) before freeing her. When Little Sandra's father said that, children of the rich parents would be kidbnapped in that manner, Martha called him a heartless old man. Meanwhile, the two servants at home were running to and fro stairs searching every room including the cupboard.

Finally, and luckily, it was Martha who discovered Little Sandra seated in the store behind its locked door. Covered in honey and very happy. Upon seeing little Sandra,

Martha was shocked and overjoyed. She then wiped her tears, gave her sister a warm hug and walked her to the main house to the amazement of the parents and everyone.

Questions

a) What is the passage about?

.....
.....

.....
.....

j) How many speakers does the debate have?

.....
.....

54. Read the poem carefully and in full sentences answer the questions about it.

Drugs and Poverty

Drugs! Drugs!
All of us endangered by you
Fathers embarrassing you
As they kill time useful time
Death my wish to you

Drugs! Drugs!
Our livelihoods you destroy
Salt no sugar no school fees no
All our money you east
Death, you deserve.

Drugs! Drugs!
Drugs addicts- our fathers
Merciless they are
Beatings our mothers enjoy at night
The cause being you
Your death I pray for

Drugs! Drugs!
Strong I wish I were
Landing you down with a blow
But lucky you are
For I am weak and small.
Tomorrow I am big, strong, your end!

(Anonymous)

a) What is the poem about?

.....
.....

b) How many stanzas has the poem?

.....
.....

c) In your view, who is endangered by drugs?

.....
.....
