Dear brother Austin,
I am happy to write this letter to you. I would like to thank you for the
letter you sent on my 9 th birthday last month. Life at school is very good.
Our school has electricity now. When it was fixed, we felt very happy
and danced all night. We are not worried of the dark when crossing to
the classroom. We can now study during the night and sleep at 10:00
p.m.
Our teachers are very kind and teach us well. They tell us to work hard in
order to be promoted to P.4. I would like to be a doctor when I grow up
and that is why science is my best subject.
I hope you also work hard in your school.
From your sister
Prilla.
