Onions are a great crop to grow on a small scale. They are a kitchen stable and play a role in a greater number of recipes. We can grow onions in our home gardens and we should always utilize the space available to the maximum. Onions are one of the <u>essential</u> ingredients of the meals we prepare at our homes.

## Tips:

- > Plant the onion seeds in mid March to mid April.
- > Onions should be planted four inches deep.
- > Onions grow best in Sunny sheltered sites.
- > Water onions in dry weather.
- > Stop watering when the onion bulbs are swollen.
- > Use a garden fork to harvest onions carefully.
