	SECTION B
	Read the passage below and answer the questions that follow in full sentences.
	Examinations are very easy to pass. One can easily pass these examinations by workin very hard.
	Teachers always advise candidates to revise their books. The hardworking candidates follow the teacher's advice while the lazy ones continue relaxing.
	When you carry out enough revision, you face the examination with a lot of confidence.
	It was this year in January, when the P.L.E results for 2018 were released. Many candidates became anxious because they wanted to know their results. Therefore they sent <u>sms</u> to 6600 at a cost of five hundred shillings.
	While releasing the results, the Minister of Education and Sports Honourable Janet Kataaha Museveni was glad to announce that most of the candidates had passed the examination and that there was improvement in general performance.
	The general performance indicated that English was the best done subject of the four. However, she noted that Social Studies was the worst done subject. The Minister congratulated the candidates on their success. She also thanked those teachers and headteachers who had conducted the examinations without any malpractices.
	Urban schools had performed relatively better than rural schools. The Minister cautioned teachers in rural areas against absenteeism, late coming and high rate of drunkardness. She promised that the Ministry of Education would come up with a new policy very soon to regulate teachers' attendance.
	Finally, the Minister asked parents to take up responsibilities for their children's education. The Minister further said, "When children are educated, they do not only support their parents but also positively contribute to national development".
