FOREWORD AND RECOMMENDATION

COVID 19 pandemic caused a disruption in our education system and made learners missed schooling for two years of 2020 to 2021 schooling period. This has created a need to rethink what and how learners will be taught when schools open.

The Kolfram Educational Services Kampala has developed a series of teaching materials for preprimary, primary and secondary schools in Uganda. These materials are prepared in accordance to the abridged curriculums right from primary two up to senior six.

"Special thank goes to all the board of director and staff of Kolfram Educational Services Kampala for the great work done."

Congratulations

This material presents a selection of priority learning competences and concepts, along with psychological support, which should be focus of instruction in the 2022 school year in order to achieve learning recovery.

This material is not a departure from the existing old curricula for this level but is a modification of the same with a purpose of recovering the lost learning time with maximum learning loss. They have been packed for all primary and secondary classes in Uganda including **pre- primary**, **primary one**, **senior one** and **senior five** that are still using the old standard curriculums.

I therefore, recommend this material and ask all stake holders, educational fraternity to support its implementation as a strategic intervention towards the mitigation of the effects of COVID 19 pandemic on the education system. The effective implementation of this material by the implementors will be a great milestone towards the recovery of lost learning time and giving hope and confidence to learners and teachers.

HON. Janet K. Museveni

First Lady and Minister for Education and Sports

POEM

Read the following poem carefully and answer the questions that follow in full sentences.

School days for me were very hard. Whether it rained or not I had to go, To school very early in the morning, Hunger and canes were my daily friends, Running bare-footed gave me wounded toes.

At school, I had no time to relax, I had to learn mathematics, English, science, And social studies because there was no option, Moments of peace were only during break, When I could go out to eat something.

The journey home was also not peaceful, I had to run all the way home to go, And fetch water, wash dishes and prepare supper, When I completed P.7 successfully, I had reason to rejoice.

ADVERBS

An adverb is a word which modifies or adds to the meaning of a verb, adjective or another adverb.

Adverbs may be divided, according to their use; as below:

(a) TIME: before, now, since, then, already, soon, seldom.

Example: We have met before.

(b) PLACE: here, there, everywhere, nowhere. Example;

They came here yesterday

(c) MANNER: badly, easily, slowly, well. Example; The tall boy won easily.

(d) DEGREE: almost, much, only, quite, very, rather.

Example; The old lady walked very slowly.

(e) NUMBER: once, twice. Example; they ran twice round the park.

(f) Questioning: where, when, how. Example; **When** did you see him?

(g) Affirmation and negation: yes, certainly, no not

Example; She can certainly swim.

I have **not** read the book.

Many adverbs can be used as connecting words and therefore become conjunctions.

ADVERB FORMATION

The majority of regular adverbs are formed from the adjectives.

(a) by adding – ly to given adjective.

Adjective	Adverb	Adjective	Adverb
quiet	quietly	willing	willingly
generous	generously	bad	badly
slow	slowly	smart	smartly
open	openly	nice	nicely
wrong	wrongly	poor	poorly

(b) If the adjective ends in 'y' you have to change y into 'i' and then add – ly e.g.

Adjective	Adverb	Adjective	Adverb
happy	happily	easy	easily
heavy	heavily	Shabby	shabbily
hurry	hurriedly	noisy	noisily
hungry	hungrily	steady	steadily
angry	angrily	merry	merrily
crazy	crazily	pretty	prettily

(c) If the adjective ends in 'le' you have to drop le and then add - ly

Adjective	Adverb	Adjective	Adverb
simple	simply	humble	humbly
simple	simply	suitable	suitably
gentle	gently	reliable	reliably
able	ably	possible	possibly

Formation of adverbs from adjectives that end with the suffix "ful" and double "l" plus "y".

Adjective	Adverb	Adjective	Adverb
beautiful	beautifully	merciful	mercifully
beautiful	beautifully	merciful	mercifully
careful	carefully	successful	successfully
grateful	gratefully	useful	usefully
harmful	harmfully	cheerful	cheerfully
skillful	skillfully	shameful	shamefully

Some adjectives don't change as adverbs;

	Adjective	Adverb	Adjective	Adverb
1.	fast	fast	next	next
2.	early	early	better	better
3.	late	late/lately	last	last
4.	hard	hard	next	next

b) Some irregular adverbs have no order of formation.

	Adjective	Adverb	Adjective	adverb
1.	good	well/better/worst	hard	hard/hardly
2.	better	better/best	bad	badly/worse/worst

EXERCISE II

5. force -		14. nature	-	
7. law	-	16. pride	-	
8. memory	-	17. silence		
9. music -		18. skill	-	

COMPARISON OF ADVERBS

Adverbs are compared in the same way as adjectives. This is by putting them under positive, comparative and superlative degree. Some adverbs are compared by adding er or **est** respectively.

positive	comparative	superlative
well	better	best
hard	harder	hardest
fast	faster	fastest
soon	sooner	soonest
long	longer	longest
much	more	most
badly	worse	worst
far	farther	farthest

For the best and improved academic performance, always use Kolfram Educational Service products

Adverbs that end – ly are compared by adding more to form the comparative degree and most to form the superlative degrees.

	nost slowly

ORDER OF TWO ADVERBS

When we wish to use an adverb of place and an adverb of time in the same sentence or clause, the usual order is adverb of place + adverb of time.
e.g.

- He left for Europe last Thursday.
- > She went to the theatre last Saturday.

If we wish to emphasise the adverb of time we may place it before the adverb of place.

For the best and improved academic performance, always use Kolfram Educational Service products

He left last Thursday for Europe.

She went on Saturday to the theatre.

As mentioned above, the adverb of time can come at the beginning of the sentence or clause.

Last Thursday he left for Europe.

On Saturday she went to the theatre.

An adverb giving the number of times or frequency normally comes before an adverb of time.

- She went to the library several times last week.
- He went fishing every weekend last summer.

The rule also applied when often is used towards the end of a sentence.

- She went there often in 1982.
- He used to come here often last year.

- 2. class this term every Saturday play, will he.
- 3. to the clinic last month six times he went.
- 4. thoroughly last week cleared the rooms were.
- 5. hardly this year able be her education to complete she will.

- 7. to his office yesterday I went three times.
- 8. before had been we there never.
- 9. arrived last week on time never she for her classes.
- 10. get up he before seven O'clock never these days.

- 1. The builders have completed the house. (almost)

PASSAGE

Read the passage below very carefully and then answer, in full sentences, the questions that follow.

On week before the end of the school first term, the District Education officer of Kibu district wrote a letter to all the head teachers of primary schools in the district. This is what the D.E.O said in the letter.

"All the head teachers of government and private schools must follow what the minister of Education and sports said about school holidays. The minister said that no primary school in the whole country is allowed to do any teaching during the school holidays. All primary school children must be at home. They must rest at home. They need a rest. Children work very hard at school for three months in a term and so they need a rest. Some clever children have even written letters to the ministry of Education to complain that they are being over- worked by making them study during holidays. These children are right. Their brains must rest for some time.

Parents too must be informed that their children need a rest during school holidays. There are a number of things parents must remember if they want their children to rest properly during the holidays. The first one is that parents must not look for private teachers to teach or coach their children during the holidays. The child cannot learn much at that time; the brain is still very tired. The parent is therefore paying the private teacher money for doing nothing to the child. The second thing to remember is that the children should do a lot of play while they are at home for holidays. They can also help their parents with some work.

Let me say it again. No teaching during the holidays. My inspectors will be visiting schools, classrooms and private places to see if there is any teaching going on anywhere".

Questions

- a. When did the DEO of Kibu district write the letter?
- b. To whom was the letter written?
- c. What was the most important thing the minister had said?
- d. Why is it useless for parents to look for private teachers during holidays?
- e. Write down two things children should do during holidays.
- f. Why will the inspectors visit schools during holidays?
- g. Give another word or group of words with the same meaning as these underlined words in the passage.
 - i. complain
 - ii. properly
- h. Suggest a suitable title for the passage.

EXAMINATIONS

Examinations are formal tests that one takes to show how much knowledge or ability one has in a particular subject. Examinations are done in all levels of Education.

At Primary level, the examination journey begins all the way from primary one and ends in primary seven. In Primary seven, the last examination you prepare for as a candidate is termed as Primary Leaving Examination abbreviated as PLE.

There are lots of activities one does to do prepare for this final examination while in primary seven. For one to successfully accomplish these longest courses, a primary course which is for seven years: one must have a total commitment because it calls for foregoing all activities that may destruct one's mind.

Among these may include total and intensive attendance of class lessons, being self-driven in terms of revising your books, consulting both teachers and fellow candidates individual carrying out of research and doing of corrections when and where necessary. In order to have a balanced performance across all subjects, one must show and have love for all the subjects.

Total and serious preparations for Primary Leaving Examination kicks off when the time table has been put up by the head teacher. This

He decided to send me to buy more airtime Using my bicycle, I rode as fast as a horse. I returned within ten minutes with airtime. When I reached home, I found my father busy listening to the news on radio. He was so attentive that he didn't want any disturbance. He therefore, gave me the mobile phone to load the airtime for him. He was excited because I was going to do so for the first time. I got the airtime card and scratched it. Since I did not know what to do after scratching, I opened the phone. Then I took it to my father thinking I had done the right thing. My father immediately tried to call his friend. He dialled repeatedly but the call could not go through. "Have you loaded the airtime?" he asked me. I responded happily that I had loaded it. As he removed the battery, the airtime card dropped on the floor. "oh my son! You didn't know how to load airtime!" he laughed. I was disappointed that I did not load airtime for my father. He realized that I was sad. He held me in his arms and said, "don't worry my son. let's do it together." Then he loaded as I was watching. I was very happy to learn how to load airtime.

When he came back, the man told the pigeon all these things, ending his tale this way, "Your pigeon friends pretended to be dead, so I left them lying there."

COMPREHENSION

Read the passage below and answer in full sentences the questions about it.

Environmental conservation is very important to both human and animal life. It is important due to a number of reasons discussed.

First, it is the habitat for all living things. When these habitats are destroyed, it therefore means that living things will be homeless.

Secondly, it also helps in the protection of the Ozone layer. The ozone layer is a thin part of the earth's atmosphere that absorbs almost all the sun's harmful ultraviolet light, so, poor environmental conservation shall also lead to the earth's destruction and hence the atmospheric conditions shall greatly be affected. Therefore good environmental conservation protects the Ozone layer.

Thirdly, good environmental conservation habits help in the maintenance of human and animals food chains. According to the internet, a food chain in simple terms is the sequence of who eats whom in a biological community or an ecosystem in order to obtain nutrition. You can consult your teachers of SST and Science to know more about the ozone layer and food chains respectively.

Last but not least, the good habitat also helps in the prevention of probable water which results into efficient use of non-renewable resources.

According to Nature Conservancy, serious environmental damage often takes decades for negative results or impacts affecting humans, animals and the atmospheric conditions to be noticed. So, it is everybody's responsibility to take charge of the environment.

PASSAGE

Read the given passage and then answer questions about it in full sentences.

Mr. Bitek, the Primary Five teacher, wanted to ask his pupils to write about marriage customs in the northern part of Uganda. He talked to the headteacher, Mr. Opio and said "I'd like my father to talk to my pupils about marriage customs but he doesn't want to. He says he doesn't speak as well as he used to."

Mr. Opio said, "It was a pity that you couldn't persuade him to. Look here, write to Mr. Gera. He is the village chief. He can talk to Primary Five, Six and Seven." "That is a good idea," said Mr. Bitek. I'll write and give the letter to his grandson, Geria. "I usually see Geria though I haven't seen him yet today." Mr. Bitek wrote to Mr. Gera and Geria took the letter. The next day Mr. Gera sent a message saying that he would come and talk to the pupils.

On Friday, the pupils gathered together in a big hall where they waited for Mr. Gera's arrival. Minutes later, Mr. Gera arrived and Mr. Bitek met him at the gate as he did not want to keep him waiting. After greeting him, Mr. Gera said, "These are my friends Mr. Okor, Dr. Asega, Rev. Akello and Constable Okot. They were led to the hall where the pupils welcomed them with a thunderous hand clap."

"Good afternoon children," Mr. Gera said. "I am happy to be here with you to talk to you about our marriage customs." Then he said "The elders do not like people who are related to marry each other." Young people do need occasions to meet. They usually meet at dances, market places and on roads where the girls would go to grind millet. Also girls were visited by the boys in the girls' special hut. A girl can be visited by different boys but not allowed to meet the same boy too often.
